1. ALL NEW! MONARCHS GO TO MEXICO !  
~~~~~

School is starting again - or already has in many parts of the country! The Monarch Butterfly is a favorite fall science topic and Deb Scala has written three multi-step activities that will turn your early education students into young entomologists!

They will learn how to make a Monarch Quilt, play Wingo and make crowns while learning the life cycle of this majestic butterfly. Together with a NEW SONG, the lessons are complete!

The PDF booklet and MP3 music file are packaged together and available by download. This is where you will find it:

You can also find it through the SeaNotes link from any of our pages.

3. FUNNY  
~~~~~

I loved Victor Borge, a Danish-American musician (1909-2000) who combined comedy with his extraordinary career as a pianist and entertainer.

In this clip, he performs in an ensemble with the muppets!
