I arranged and recorded JINGLE BELLS as a duet for young students.

This was arranged for the median age of about 10 years old and uses notes primarily in first position. Most are single notes, with an occasional double stop. It also includes a foray to harmonic VII and harmonic XII which has proven to be a source of never-ending fun for my student ensemble at Calderone School of Music!

The sheet music is free and you can also listen to it here:

The recording is done at a fast pace, but it can be performed slower as necessary to accomodate the skills of your students.

Apparently, my last newsletter went awry for many of you. Why, I do not know, but here is a link to the next to latest download for those who did not receive it:

The piece added was MY GHOST'S WALTZ, an instrumental piece for woodwinds and strings.

You can listen to it in full for now. Starting at the beginning of the year, I will be changing all Mp3 files to demos of approximately 1 minute or so to prevent piracy. Sad but true.

So much to do, so little time!

Deb Scala and I are starting work on more early education classroom projects. Our plans are to release "mini" projects throughout the year. We will announce them as soon as they have been placed online.

I expect to continue to record more of the jazz songs, audio stories and add more new guitar music and a cappella choral - sheet music as well as recording. OK, sometimes I get side tracked and end up doing something that was never planned, and that is part of the plan, too!

4. HOLIDAY WISHES  
~~~~~

This is traditionally a time of celebration, fun, charity and family.

I wish you all much joy in the holiday season and hope your new year is filled with happiness.

To military families and their loved ones serving our country, may you find comfort with friends and family, and know that you are in the thoughts and hearts of those around you.

Merry Christmas

Happy New Year
